Requirement

- 2017-2018 Hong Kong Triathlon Association (TriHK) registered Coach
- Priority will be given to candidates who retired from National Squad

Procedure

- Submission of application form together with a copy of Level I Coaching Certificate issued by TriHK to TriHK Secretariat on or before the closing date of application on 15 September 2017 (Friday) **BY POST, EMAIL or IN PERSON.**
- Address of TriHK Secretariat: Room 1020, Olympic House, 1 Stadium Path, So Kon Po, Causeway Bay, Hong Kong.
- Email Address: trihk@triathlon.com.hk

All applications are subjected to ITU / ASTC final approval

Course objectives:

The L2TRI is the second coaching qualification award offered by the ITU and is aimed at people with some experience of coaching (formally or informally) and of triathlon – building on existing coaching experience in Level 1.

The knowledge gained from completing this qualification will allow you to develop an understanding of how to develop and deliver more advanced triathlon coaching practices, including individualized support. The certificate qualifies you to independently plan, deliver and evaluate triathlon related activities to groups of children and/ or adults in any of the Level 2 coaching environments, including coaching in open water environments.

To provide candidates with a high quality learning experience through an interactive course, delivered by high quality tutors and assessors. You will be introduced to the processes and principles of coaching triathlon activities to groups of children and/ or adults through the application of training science. It offers an opportunity for triathlon coaches to be supported in developing the knowledge of how to effectively plan, conduct and evaluate a series of triathlon coaching sessions or a programme for a group or an individual.

Target Group: Triathlon club members (e.g., parents, school teachers, athletes) who wish to coach club level triathletes across all age groups and disciplines, including Paratriathlon.

Content:

- Training and Sport Science (nutrition/ psychology/physiology)
- Training periodisation
- Discipline Technical Material
- Transition techniques and skills
- Athlete safety and welfare
- Organising and delivering effective training camps.
- Open water swimming
- Injury prevention and management
- Mentoring and supporting other coaches
- Physiology of Paratriathlon
