- Trophies will be awarded to the top 3 competitors with the highest overall score in each category. These trophies will be presented at the Annual Award Ceremony.
- Athletes must have participated and finished in at least 3 above races to be eligible for the award. If two of the above races are cancelled for whatever reason, there will not be an award for the 2026 Aquathlon Series.
- Score for the winner of each race will be 100.
- Score for other participants who finished in that race will be  $(n-x)$  divided by 'n' times 100%; with 'n' being the total number of finishers in that race and 'x' being the position of that participant minus one.
- The overall ranking in each category will be determined by adding the scores obtained.
- In the event, one or more participants having the same total score, the participants who finished in a highest number of races will rank in front of the one who finished in lesser number of races.
- In the event on or more participants have the same total score from the same number of races, the participants with the shortest total completion times from all the races will rank in front of the one with the longer total completion time from all the races.
